Title Insurance Services

Title insurance is a critical component in real estate transactions, protecting buyers and lenders from potential title defects or claims. Capital Title Mansfield specializes in providing comprehensive title insurance policies that safeguard clients' ownership rights and financial investments.

What is Title Insurance?

Title insurance offers protection against issues such as liens, encumbrances, fraud, or errors in public records that may arise after a property purchase. Unlike other insurance types, title insurance covers past events affecting ownership rather than future risks. Capital Title Mansfield conducts exhaustive title searches to identify and resolve any discrepancies before issuing insurance policies.

Types of Title Insurance Policies Offered

Capital Title Mansfield offers two main types of title insurance policies:

- **Owner's Policy:** Protects the property buyer's ownership rights against undiscovered title defects.
- **Lender's Policy:** Protects the mortgage lender's interest up to the loan amount, ensuring the loan is secured by a valid title.

Both policies are essential for securing a real estate transaction and provide peace of mind by covering legal fees and losses from covered title defects.

Escrow and Closing Services

Capital Title Mansfield provides full-service escrow and closing solutions, managing the transfer of funds and documents necessary to complete real estate transactions. Their experienced team ensures that all contractual obligations are met and that the transaction closes smoothly and on schedule.

Escrow Account Management

In real estate, escrow accounts hold funds such as earnest money deposits and loan proceeds securely until all conditions of the sale are fulfilled. Capital Title Mansfield acts as a neutral third party, safeguarding these funds and disbursing them appropriately at closing. This process protects both buyers and sellers by ensuring that money changes hands only after all legal requirements are satisfied.
