Capricorn women value stability and security highly, often seeking relationships that promise longevity and mutual support. This earth sign is ruled by Saturn, the planet of structure and commitment, making them naturally inclined toward serious, goal-oriented partnerships. Their practical mindset means they prefer to build love on a foundation of trust and reliability rather than fleeting emotions. Capricorn women are also deeply loyal and protective, often putting their loved ones' needs before their own. However, they may sometimes come across as reserved or emotionally guarded, which can be misinterpreted by partners.
