History and Origin of Our Lady of Good Health Vailankanni

The devotion to Our Lady of Good Health, also known as Our Lady of Vailankanni, originates from the town of Vailankanni in Tamil Nadu, India. The history dates back to the 16th century when the Virgin Mary is believed to have appeared to local children and fishermen. These apparitions led to numerous miracles, particularly healings, which established the site as a place of pilgrimage. The name "Our Lady of Good Health" emphasizes her role as a healer and protector, especially for the sick and the needy. Over the centuries, the devotion has grown, culminating in the construction of the Basilica of Our Lady of Good Health, a prominent Catholic shrine attracting pilgrims globally.

Apparitions and Early Miracles

The first recorded apparition involved the Virgin Mary appearing to a young shepherd boy who was carrying milk. She asked for some milk for her son, and upon returning with it, the boy found the container miraculously full. Another significant event involved a crippled boy who was miraculously healed

after praying to the Virgin Mary. These events sparked widespread faith and devotion, leading to the establishment of a chapel and later the grand basilica.

Development of the Shrine

From a small chapel, the shrine evolved into a large basilica over the years, supported by numerous devotees and the Catholic Church. The site is now an important spiritual center, especially during the annual feast celebrated in September, which commemorates the apparitions and honors Our Lady of Good Health.

Significance of the Novena Prayer

The novena prayer to Our Lady of Good Health Vailankanni holds deep spiritual significance for devotees.
