Start With Common Vowels and Consonants

Initial guesses should include common vowels (A, E, I, O, U) and frequently used consonants (R, S, T, L, N). This approach maximizes the chance of receiving useful feedback early and helps eliminate unlikely letters.

Use Process of Elimination

Analyze Letter Positioning

Pay close attention to yellow and green tiles. Yellow indicates correct letters in incorrect positions, guiding players to rearrange guesses accordingly. Green confirms exact placement, anchoring parts of the word for future guesses.

Maintain a Balanced Approach

Balancing vowel and consonant usage and considering common word patterns improves guess quality. Avoid repeating letters known to be absent and focus on plausible word constructions.
